Freelancing provides the crucial experience you need to become an **entrepreneur**

Lack of experience is the key factor preventing many people from making the break from their nine to five jobs and setting up on their own. *However, there is a straightforward solution to help people like these gain **experience, contacts and confidence: freelancing***

How? We have shortlisted platforms to create economic and social value on a global scale by providing a trusted online workplace to connect, collaborate, and succeed. For example, today, **Upwork** is the premier platform for top companies to hire and work with the world's most talented independent professionals. We're creating a world of unmatched talent and opportunity, where global teammates who are thousands of miles apart can work together seamlessly.

GigTeam revenue illustration (urban scenario)

Weekly earning per Freelancer (Average case)	Online Projects	Programs for Lifelong Learning / Innovations	Small Business Services n other programs	Total
Number of Clients	2	5	1	8
Hours worked per week	20	10	10	40
Average Revenue(USD)	200	100	100	400

A team of 4+1 would earn a gross @2000 USD per week. 60% of the earning would be the net earning, ie 1200 USD. Equal distribution to 5 members is 240 USD weekly, near about INR 65,000/- earning monthly. Greenworkforce revenue per team per week@ 5% commissions around 60 USD, or INR 4,000/-

An opportunity to innovate

Joining hands with like minded professionals, driving your passion to solve the local social issues would lead to innovation. Why not help the educators and learners around to introduce experiential learning, or makers culture? How about working on sustainable green projects in the neighbourhood? Are you a Digital Transformation Agent helping the small businesses to go online? Greenworkforce is community of such innovators. Opportunities are unlimited when you are free for yourself!

greenworkforce community – **a free platform**: We go where people are and invite them for an alternate career to practice in the gig economy market, a global marketplace for variety of jobs. The independent professionals and the educated youth can work together as a team executing the client projects. The self-paced working opportunities give a sense of independence, flexibility and decent monetary rewards. The goal is not simply earn the bank balance, but, to acquire skills, experience and establish the network as key ingredients of the professional career in the 4th industrial age. This is a lifetime engagement.

How it works? We work closely with the local startup ecosystem in multiple countries catering to the needs of growing ventures. The job demands from the global market are carefully scrutinized for execution by the greenworkforce GigTeams comprising of 4 to 8 freelancers. In addition, there are corporate and organizations who look for vetted remote professionals managed by GigLeaders at greenworkforce.

We add value by **generating new jobs**. The #GigThinkTank associated with greenworkforce.in conceive new innovative programs, and implement these by taking assistance from #GigLeaders and #GigTeams. The programs are primarily the solutions to certain social or industry problems in the domain of education, employability and sustainable living linking to UN SDGs.

Proof of Concept

We have started our journey during 2013 (by registering the domain greenworkforce.in) as a part time activity to conceive, develop and demonstrate the key elements of greenworkforce venture. We earned more than 10K USD working 1000+ hours at top global online marketplaces (Elance, oDesk, Guru), we delivered 30+ topics on lifelong learning to impact 5000 audience from 20 countries (WhatsApp courses) and we engaged local startup ecosystem #FIWorldwide to experience the ground level realities. We are already on global map catering to few clients.
